The Honorable Kay Granger
Chairwoman
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
U.S. House of Representatives
Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Clark Creek Pump Station Rehabilitation project in fiscal year 2024. The entity to receive funding for this project is the Cobb County Board of Commissioners, located at 100 Cherokee St., Marietta, GA 30060. The funding would be used for critical repairs and improvements to the pump station. The project is an appropriate use of taxpayer funds because Clark Creek is a major wastewater pump station in Cobb County that has reached the end of its useful life and requires major rehabilitation to provide safe working conditions for employees, improve the electrical efficiency of the pump station, and reduce the likelihood of a sewer spill. The project has a Federal nexus because the funding provided is for purposes authorized by Title IV of the Clean Water Act, 33 U.S.C 1381 et seq. I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely

Barry Loudermilk
Member of Congress
